◀ L-ribbed, Silkgrain Traffic white, RAL 9016

Hörmann automatic sectional doors offering greater convenience and security

You can operate a Hörmann automatic door as conveniently as your TV.

On the press of a button, you drive into your garage, protected from all weathers. When it's dark, the direct route affords you greater safety and security.

It goes without saying that Hörmann doors and operators are tested by the TÜV (German Technical Inspectorate) as a single safety unit.

▲ Panelled, Woodgrain Traffic white, RAL 9016

◀ S-ribbed, Woodgrain Fir green, RAL 6009

LPU

Double-skinned LPU doors offer the best-possible insulation. Moreover, the 42-mm-thick sections give the door the greatest stability and make for quiet operation.

All LPU sectional garage doors, when combined with a Series 3 BiSecur ProMatic or SupraMatic operator are now Secured by Design accredited.*

LTE

Single-skinned LTE doors are the inexpensive solution for detached garages that do not require additional thermal insulation.

* This does not apply to doors with manual locking and windows.

For further information
ask your specialist dealer
for this brochure or visit
www.hormann.co.uk

It's your choice

Design your garage door to exactly fit your needs. For steel sectional doors you can choose from up to 4 surface finishes that you can adapt to match the colour of your home.

Or choose one of 6 Decograin decors with a natural timber look or a decor with an elegant metallic effect.

4 surface finishes

6 Decograin surface finishes

- 1 Woodgrain
- 2 Sandgrain
- 3 Silkgrain
- 4 Micrograin
- 5 Decograin Golden Oak
- 6 Decograin Dark Oak
- 7 Decograin Night Oak
- 8 Decograin Rosewood
- 9 Decograin Winchester Oak
- 10 Titan Metallic CH 703

Beautiful and protective colour

Steel sectional doors are available as standard in Traffic white, RAL 9016, as well as in 15 inexpensive preferred colours and in around 200 colours from the RAL colour chart*. You can choose from 3 preferred colours** for the surface finish Sandgrain.

Standard colour and 15 preferred colours

- 1 RAL 9016 Traffic white
- 2 RAL 9007 Grey aluminium
- 3 RAL 9006 White aluminium**
- 4 RAL 8028 Terra brown**
- 5 RAL 8003 Clay brown
- 6 RAL 8001 Ochre brown
- 7 RAL 7040 Window grey
- 8 RAL 7035 Light grey
- 9 RAL 7030 Stone grey
- 10 RAL 7016 Anthracite grey**
- 11 RAL 6009 Fir green
- 12 RAL 6005 Moss green
- 13 RAL 5014 Pigeon blue
- 14 RAL 5011 Steel blue
- 15 RAL 3003 Ruby red
- 16 RAL 1015 Light ivory

Please note:

Sectional garage doors are generally supplied in Grey white, RAL 9002 on the inside of the door.

Dark colours should not be used for double-skinned steel doors that are exposed to the sun, as possible section deflection may damage the door.

All colours based on RAL.

The colours and surfaces shown are subject to the limitations of the printing process and cannot be regarded as binding. Please seek the expert advice of your Hörmann specialist dealer.

* With the exception of pearl-effect, fluorescent and metallic colours.

** Preferred colours for Sandgrain surface finish

More light, less energy consumption

Depending on the door type, you can select from various types of glazings with clear or textured single or double-panes. Clear synthetic glazing from Hörmann comes as standard with DURATEC glazing.

It offers:

- Maximum scratch resistance
- A permanently clear view
- Improved thermal insulation

- 1 Classic glazing S0
- 2 Classic glazing S1
- 3 Classic glazing S2
- 4 Classic glazing S10

Please note:

Classic and Sunrise glazing are available for all door types with M and L ribbing and panelling.

The glazing frame and the decorative rails are available in white plastic as standard or in the colour of the door on request. For Decograin doors the glazing frame and decorative rails are painted in a colour matching the door.

The glazings shown correspond to a door width of 2500 mm.

Aesthetic, understated, secure

If your garage does not have a second entrance, you can optionally open your automatic garage door from the outside with a beautifully designed handle or an understated emergency release lock.

- 1 Black plastic
- 2 White cast aluminium, RAL 9016
- 3 Silver cast aluminium
- 4 Brushed stainless steel
- 5 Polished stainless steel

Hörmann Series 2000 Up-and-Over Garage Doors, combining quality with an attractive look

The Hörmann Series 2000 up-and-over garage doors are undeniably attractive in appearance, with a variety of designs that are comprised of single and double up-and-over doors in steel, timber and GRP.

Hörmann offer a wide range of standard garage door sizes in either canopy or retractable gear to fit to a timber frame. We recommend, however, that the Hörmann powder coated steel frame is used, as it makes a complete door set.

Clear views with glazing

An additional glazing is not just a design element. Daylight ensures a bright, friendly atmosphere. Ideal, if the garage is also used as a workshop.

Select depending on the door style different types of glazing.

Series 2000 Steel up-and-over Georgian and Ilkley designs *

Series 2000 Timber up-and-over Garage light design **

* With wood being a natural product the finish of the doors supplied may vary from those shown.

** Our timber doors are now available in a white and RAL to choose colour options.

The innovative Hörmann operators for automatic sectional and up-and-over garage doors

Hörmann garage door operators are perfectly matched to your Hörmann garage door. The result: simple operation, maximum convenience and the greatest operational safety. Our elegant hand transmitters allow you to open your gate from your car as easily as you would operate a TV. You can also operate your door using stationary control elements, such as a radio code switch or radio finger-scan.

Roller garage door RollMatic: More free space in the garage with innovative Hörmann technology

RollMatic roller garage doors can be individually adapted to the architecture of your home or the fitting situation in the garage. Select from one of 11 equally-priced colours for an individual door. Matching side doors are also available. An external rolling shutter is recommended for fitting situations with limited lintel space. You can always find a perfect solution with a RollMatic roller garage door.

◀ External rolling shutter in Traffic white, RAL 9016

Surface and decor surface finishes

The smooth surface of the aluminium profiles looks modern and elegant, unlike ribbed profiles from other suppliers. Furthermore, a high-quality coating on the inside and outside of the door's surface makes it easy to clean.

The two Decograin surfaces have a convincing real timber look. To create a uniform appearance, the exterior door curtain, fascia and frame are supplied with a Decograin surface finish. The interior fascia, side guides, barrel casing and door curtain are painted in brown.

The Decopaint surface finishes are an affordable alternative to Decograin decors. The interior and exterior of the profiles are painted to look like timber. Frames, side guides, fascia panels and shaft covers are powder-coated in a base colour matching the timber to create a harmonious appearance.

1 Glazing elements

Get more daylight in your garage!
The glazing elements with synthetic panes are arranged across the entire profile width. The number of elements depends on the respective door width. A maximum of ten profiles can be fitted with glazings in each door.

2 Ventilation grilles

Ventilation of your garage improves the room climate and prevents mould. Ventilation grilles made of long-lasting plastic are arranged across the entire profile width. A maximum of ten profiles can be used for each door.

For further information ask your specialist dealer for this brochure or visit www.hormann.co.uk

Mobile and stationary

With Hörmann, everything fits together. Using the same hand transmitter, you can operate your garage door as well as an entrance gate equipped with a fully compatible Hörmann operator or other devices with Hörmann receivers. With the BiSecur app, you can conveniently control your Hörmann garage door or entrance gate operators, Hörmann entrance door* and other devices using your smartphone or tablet. You can also display the door position for your garage door or entrance gate, as well as the locking state of your entrance door* while on the go.

* With special equipment
